

## **Courses at Kästner Kolleg will continue online!**

### **#YourLanguageFamily is staying together**

Kästner Kolleg has to close due to official orders. From March 18 we are no longer allowed to open our doors for students. This regulation is initially valid until April 19, 2020.

All enrolled participants will have the opportunity to continue their course online via video chat. All participants will receive an e-mail with further instructions. In this way we want to ensure that all students at KK have the opportunity to continue to achieve their learning goals without much delay. We ask all participants to check their e-mail accounts regularly (please also check your spam folder). The leisure program will also take place online in the near future.

The office will remain open from Monday to Friday from 09:00 a.m. to 03:00 p.m. and will answer questions and provide all necessary assistance.
